

# S-Video Passive Balun

Model: SB100TK (One Pair Kit)

## Features:

- RJ-45 female to 4-pin mini digital cable (for S-Video).
- Designed for S-Video signal transmission over CAT 5 UTP cable.
- Up to 1000ft / 300m in color via CAT 5 UTP cable.
- To be used in home or commercial applications as a smart, fast, cost-effective means of connecting S-Video equipment using twisted pair instead of coax cable.
- It is ideal for classroom audio-video distribution, overhead projector systems, PC-training systems, and tradeshow PC-demo systems in the S-video environment.
- Used in pairs, the S-Video balun eliminates conventional S-Video cables.
